

## THE THANK YOU CANADA TOUR Meet & Greet Upgrade Instructions

You must have an event ticket to participate. **The event ticket is not included.** One (1) upgrade entitles one (1) person to attend.

When you purchase THE THANK YOU CANADA TOUR Meet & Greet Upgrade, you get a once in a lifetime chance to meet and interact with some true Canadian heroes. But that's not all - while you're waiting your turn in line, you'll be able to take some pictures with a collection of National Champion, World Champion and Olympic medals (some of them Gold!), competition worn costumes, and other memorabilia that has never been seen outside of our cast's living rooms or on a TV screen. Each participant needs to have an upgrade ticket.

Here's how it works: The Meet & Greet happens at the end of the show where after screaming and clapping all night you'll want some water and we'll have it there for you. You will be in a cue where you'll meet and take pictures with all the available members of that night's cast. To be fair to everyone involved and to make sure that everyone has the best time, we request that you only get ONE item signed and ONE picture taken while you are with the skaters.

Meet & Greet Upgrade purchasers should go to the check-in table prior to the event to pick up the Meet & Greet passes and instructions for after the show.

We look forward to seeing you after the show!
